JAPAN PLANNING
ROYAL WELCOME
FOR EXCURSION

The two principal newspapers published in the city of Hiroshima are enthusiastic over the news that Hawaiian excursion party is coming. Both papers have given expression in editorials that the Hawaiian party should be given the warmest welcome that Hiroshima has ever given to any foreigners in view of the fact that there is no other district in Japan that has a closer relation with Hawaii.

The Goh Shinhun of February 14 says in regard to a meeting held in preparation for welcome:

"On February 13 a conference in regard to the plans of welcome to be given to the Hawaiian excursion party was held in the mayor's office. The mayor himself, besides city officials and members of the chamber of commerce was present, each of the principal newspapers being represented at the meeting. Those present were unanimous in expressing their appreciation of the very close and friendly relations existing between Hawaiian people and the people from their own district and in urging to make the most of the opportunity to cultivate a still closer relation with Hawaii."

"It was decided to invite all the merchants of the district doing business with Hawaii to a meeting to be held on the 18th and to further discuss the matter, meanwhile leaving the preparation for the entertainment in the hands of city officials."

AROUSES VILLA
JUAREZ, Mex. — General Villa became extremely wrathful today when he was apprised of the murder of a Chinaman and the fatal wounding of another at Chihuahua. The crimes were committed Monday night. WARM ARGUMENTS ON
SUFFRAGE RALLY

WASHINGTON, D. C. — Cheers, jeers, hisses and applause accompanied the presentation yesterday before the house judiciary committee by a large delegation of women suffragists of all phases of the woman suffrage question. Bitter charges and counter-charges followed each other rapidly and the committee had difficulty many times in preserving order. The suffragists largely outnumbered the anti-suffrage element and the latter element declared their suffrage would be harmful to women and to the country they were greeted with hoots and jeers and hisses.
